PRESSURE SWITCHES

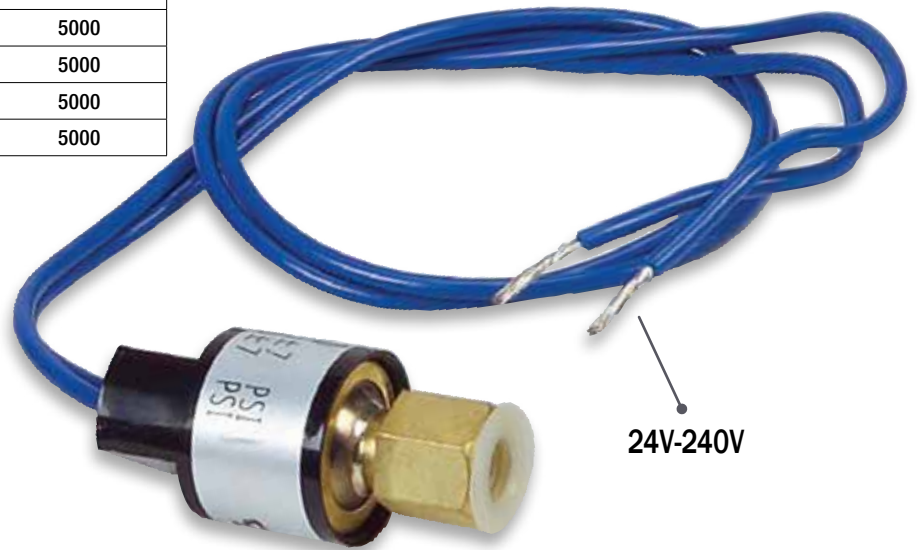

SMART ELECTRIC PRESSURE SWITCHES: Designed to continuously monitor low and high pressures of a system mainly for compressor protection and safety. The system will cut off when pressure exceeds the pressure range.

PRESSURE SWITCHES

PART NO	OPEN	CLOSE	PROOF PRESSURE	BURST PRESSURE
SLP05-20	5 psi	20 psi	250	5000
SLP10-25	10 psi	25 psi	250	5000
SLP25-50	25 psi	50 psi	250	5000
SLP25-80	25 psi	80 psi	250	5000
SLP36-60	36 psi	60 psi	250	5000
SLP40-80	40 psi	80 psi	250	5000
SLP90-120	90 psi	120psi	250	5000
SHP200-150	200 psi	150 psi	500	5000
SHP250-150	250 psi	150 psi	500	5000
SHP300-200	300 psi	200 psi	500	5000
SHP350-250	350 psi	250 psi	500	5000
SHP-400-300	400 psi	300 psi	500	5000
SHP400-200	400 psi	200 psi	500	5000
SHP450-250	450 psi	250 psi	500	5000
SHP610-460	610 psi	460 psi	500	5000

FEATURES:

- Fixed settings pressure controls
- 24V-240V
- Contacts rated at 6 amps
- High pressure cut out - open on pressure rise, automatic reset, normally closed
- Low pressure cut out - open on pressure drop, automatic reset, normally open
- Available for R-410 pressure ratings
