Premium Amana®  
Brand Quality

All-Aluminum  
Evaporator Coil

Improving your home's complete indoor comfort system should not be an afterthought.

Whether it's time to replace a component in an existing central HVAC system, or to install a totally new system, Amana® brand products can provide dependable comfort and efficiency for your family – for every season.

*A Single Metal Solution for Smart Evaporator Coils*

The All-Aluminum evaporator coil is constructed from aluminum tubing, fins and end plates giving you a single metal solution for outstanding, time-tested, heat transfer performance properties. If you're looking for an evaporator coil that offers enhanced durability, coupled with enhanced performance (as tested in our labs), this is the product for you.

*Features and Benefits:*

- Tube and fin coil construction provides time-tested and proven heat transfer efficiency
- Grooved aluminum tubing offers increased surface area for refrigerant heat transfer performance
- Every unit is helium pressure-tested during construction
- Every all-aluminum coil receives finished pressure testing and leak 'sniffing' by 'hound-dog' vacuum testing
- Aluminum-lanced sine fin design for optimum heat transfer
- Thick-walled aluminum tubing provides superb strength
- Copper coil stud for connecting copper liquid suction lines

**LIMITED WARRANTY\*  
 PROTECTION**

Complete warranty details available from your local dealer or at [www.amana-hac.com](http://www.amana-hac.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

*Additional information*

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.
